

SECURITY AND COMPLIANCE

Service and Security isn't just our Policy... It's our Commitment!

Trustworthy Secure Reliable

As an SSAE-18 certified company, NVS routinely verifies controls are in place for data storage and security, and is tested by Grant Thornton, an independent 3rd party, to verify compliance. This certification provides clients with the peace of mind that sensitive client and consumer information is safe.

In the unlikely event of a natural disaster or service center outage, NVS is tried and tested with full disaster recovery certification to ensure business continuity is maintained through 1 of 3 operations center locations. (OH, KS, CA)

Nations uses secure backup servers to ensure high operational availability.

Industry Certification and Compliance

NVS understands the importance of Appraisal Independence. That's why the NVS fulfillment process is designed with controls in place to exceed all state and federal regulatory requirements with both AIR, and state regulations.

NVS is licensed, bonded and insured as an authorized appraisal management company in all states who have mandated.

NVS is an advocate for payment of Reasonable and Customary Fees (ROC) to appraisers. R&C compensation is imperative in maintaining the most competent appraisers in every market. Through use of the NVS active-national fee survey and by allowing appraisers to set their own fees, NVS ensures compliance with Section 129E of the Dodd-Frank Financial Reform and Consumer Protection Act

NVS has been independently audited through one of the nation's top firms to verify all of its controls and procedures meet or exceed the Appraisal Independence Requirements. NVS IS "AIR CERTIFIED"!
